

Food Allergy Warning

Country Kitchen SweetArt is **NOT** a food allergy-free facility. Baked goods and other confectionary treats are prepared in the kitchen/classroom using Wheat/Gluten, Eggs, Dairy or Dairy Products, Peanuts, Soy and Tree Nuts. Country Kitchen SweetArt also uses commercially prepared products that include the warning label “This product is prepared and packaged using machines that may come into contact with Wheat/Gluten, Eggs, Dairy or Dairy Products, Peanuts, Soy and Tree Nuts.”

Because Country Kitchen SweetArt sells and uses products containing food allergens, unfortunately we are not able to accommodate special request for students with food allergies. Also, because we are required by local health guidelines and because it’s important to us to follow safe food handling regulations, Country Kitchen SweetArt does **not allow any outside food products (commercially or homemade) to be brought in** for students to use in place of the food items we provide in our classes.

We sincerely apologize for any inconvenience, disappointment or predicament this may cause. For your protection, Country Kitchen does not make any exceptions to this policy.

It is your responsibility either as the student or the parent of a minor student attending a class to know the severity of your or your child’s food allergy, and also know how to protect yourself or your child against allergic reactions when you attend classes at Country Kitchen SweetArt.

As a party or group class organizer, you are responsible for informing your guest about the use of products containing food allergens and our “no outside food products allowed” policy. If you have any questions or concerns about the products we use or our policy, please ask to speak with Country Kitchen SweetArt’s classroom manager.
