

Blue Raspberry Fizzy Drink

INGREDIENTS:

- 1 cup Water
- 1 cup Granulated Sugar
- Lemon-Lime Soda
- 4 Tbsp Blue Raspberry Flavor
- Blue Coarse Sugar
- Piping Gel
- Sky Blue Brew Glitter

TOOLS FROM CKSA:

- Measuring Spoons
- Spatula
- Hot Pad
- Measuring Cups
- Paint Brush
- Straw

DIRECTIONS: continued on next page

1. In a saucepan, combine 1 cup of water & 1 cup of granulated sugar.
2. Heat this mixture on the stove until the sugar is fully dissolved.
3. Once the sugar has fully dissolved, transfer this simple syrup to a bowl to allow it to cool quickly.
4. In the meantime, place carbonated lemon-lime soda into the refrigerator to chill.
5. Once the simple syrup has cooled, add 4 table-spoons (1/4 cup) of blue raspberry flavoring & stir to combine.
6. To prepare the glasses, pour blue coarse sugar into a shallow bowl or plate.
7. Use clear piping gel & a small paint brush to coat the rim of the glass.
8. Once coated, dip the glass into the sprinkles.
9. To assemble the drink, add 1.5 cups of the chilled lemon-lime soda into the prepared glass. Add a sprinkle of Sky Blue Brew glitter into the soda--

any food grade beverage glitter will work perfectly!

10. Stir the glitter in using a straw.
11. The last step is to add 4 tablespoons (1/4 cup) of the blue raspberry simple syrup previously made.
12. Stir to incorporate the syrup & add ice if desired. Enjoy!
